

Selected Publications: Jennifer Fisher Wilson*

- Wilson, J. F. (2014). In the clinic. Stable ischemic heart disease. *Annals of Internal Medicine*, 160(1), ITC1-1-16; quiz ITC1-16.
- Wilson, J. F. (2011). In the clinic. Herpes zoster. *Annals of Internal Medicine*, 154(5), ITC31-15; quiz ITC316.
- Cotton, D., Taichman, D., Williams, S., & Wilson, J. F. (2011). In the clinic. The polycystic ovary syndrome. *Annals of Internal Medicine*, 154(3), 1-16.
- Wilson, J. F. (2010). In the clinic. Acute sinusitis. *Annals of Internal Medicine*, 153(5), ITC31-ITC316.
- Laine, C., Turner, B. J., Williams, S., & Wilson, J. F. (2010). In the clinic. Gout. *Annals of Internal Medicine*, 152(3), 1 ITC2-1-ITC2-16.
- Wilson, J. F. (2010). In the clinic. Diabetic ketoacidosis. *Annals of Internal Medicine*, 152(1), ITC11-ITC116.
- Laine, C., Williams, S., & Wilson, J. F. (2009). In the clinic. Vaginitis and cervicitis. *Annals of Internal Medicine*, 151(5), ITC3-2-ITC3-16.
- Wilson, J. F. (2009). Making electronic health records meaningful. *Annals of Internal Medicine*, 151(4), 293-296.
- Wilson, J. F. (2009). Can disease prevention save health reform? *Annals of Internal Medicine*, 151(2), 145-148.
- Laine, C., Williams, S. V., & Wilson, J. F. (2009). In the clinic. Preoperative evaluation. *Annals of Internal Medicine*, 151(1), ITC1-1-ITC1-16.
- Wilson, J. F. (2009). Cancer care: A microcosm of the problems facing all of health care. *Annals of Internal Medicine*, 150(8), 573-576.
- Wilson, J. F. (2009). More cases of drug-resistant tuberculosis complicate care but spur global research and innovation. *Annals of Internal Medicine*, 150(6), 433-436.
- Wilson, J. F., Laine, C., Goldmann, D. R., & Sox, H. C. (2009). In the clinic. Alcohol use. *Annals of Internal Medicine*, 150(5), ITC3.2-ITC3.16.
- Wilson, J. F. (2009). Will all health care reform lead back to medicaid? *Annals of Internal Medicine*, 150(2), 149-161.
- Wilson, J. F. (2008). Primary care delivery changes as nonphysician clinicians gain independence. *Annals of Internal Medicine*, 149(8), 597-600.
- Bray G. A., & Wilson, J. F. (2008) In the clinic. Obesity. *Annals of Internal Medicine*. 149(7), ITC4-1-15; quiz ITC4-16.
- Wilson, J. F. (2008). In the clinic. Gastroesophageal reflux disease. *Annals of Internal Medicine*, 149(3), ITC2-1-15; quiz ITC2-116.
- Wilson, J. F. (2008). Oregon surpasses struggles of early reform and develops a road map for future success. *Annals of Internal Medicine*, 149(2), 149-152.
- Wilson, J. F. (2008). Vermont health care reform aims for more coverage, less expense, and better care. *Annals of Internal Medicine*, 148(10), 797-800.
- Wilson, J. F. (2008). In the clinic. Low back pain. *Annals of Internal Medicine*, 148(9), ITC5-1-ITC5-116.
- Wilson, J. F. (2008). In the clinic. Insomnia. *Annals of Internal Medicine*, 148(1), ITC13-11-ITC13-1116.
- Wilson, J. F. (2007). In the clinic. Heart failure. *Annals of Internal Medicine*, 147(11), ITC12-11-ITC12-1116.
- Wilson, J. F. (2007). In the clinic. Migraine. *Annals of Internal Medicine*, 147(9), ITC11-11-ITC11-1116.

*Does not include publications in *The Smart Set* (see p.4) or publications prior to 2000.

- Wilson, J. F. (2007). To stop osteoarthritis, fixing cartilage may not be enough. *Annals of Internal Medicine*, 147(6), 437-439.
- Wilson, J. F. (2007). In the clinic. Irritable bowel syndrome. *Annals of Internal Medicine*, 147(1), ITC7-1-ITC7-116.
- Wilson, J. F. (2007). Strategies to stop abuse of prescribed opioid drugs. *Annals of Internal Medicine*, 146(12), 897-900.
- Wilson, J. F. (2007). Posttraumatic stress disorder needs to be recognized in primary care. *Annals of Internal Medicine*, 146(8), 617-620.
- Wilson, J. F. (2007). Lessons for health care could be found abroad. *Annals of Internal Medicine*, 146(6), 473-476.
- Wilson, J. F., Laine, C., & Goldmann, D. (2007). In the clinic. peripheral arterial disease. *Annals of Internal Medicine*, 146(5), ITC3-1-ITC3-116.
- Wilson, J. F. (2007). In the clinic. Smoking cessation. *Annals of Internal Medicine*, 146(3), ITC2-1-ICT2-116.
- Wilson, J. F. (2007). Facing an uncertain climate. *Annals of Internal Medicine*, 146(2), 153-156.
- Wilson, J. F. (2006). Alterations in processes and priorities needed for new drug development. *Annals of Internal Medicine*, 145(10), 793-796.
- Wilson, J. F. (2006). Health insurance portability and accountability act privacy rule causes ongoing concerns among clinicians and researchers. *Annals of Internal Medicine*, 145(4), 313-316.
- Wilson, J. F. (2006). The rocky road to useful cancer biomarkers. *Annals of Internal Medicine*, 144(12), 945-948.
- Wilson, J. F. (2006). Patient counseling and education: Should doctors be doing more? *Annals of Internal Medicine*, 144(8), 621-624.
- Wilson, J. F. (2006). The pain divide between men and women. *Annals of Internal Medicine*, 144(6), 461-464.
- Wilson, J. F. (2006). Health and the environment after Hurricane Katrina. *Annals of Internal Medicine*, 144(2), 153-156.
- Wilson, J. F. (2005). Why prion diseases are a mystery, and why they matter. *Annals of Internal Medicine*, 143(10), 773-776.
- Wilson, J. F. (2005). U.S. needs more physicians soon, but how many more is debatable. *Annals of Internal Medicine*, 143(6), 469-472.
- Wilson, J. F. (2005). Gene therapy yields to RNA interference. *Annals of Internal Medicine*, 143(2), 161-164.
- Wilson, J. F. (2005). Liver cancer on the rise. *Annals of Internal Medicine*, 142(12), 1029-1032.
- Wilson, J. F. (2005). Is sleep the new vital sign? *Annals of Internal Medicine*, 142(10), 877-880.
- Wilson, J. F. (2004). Balancing the risks and benefits of fish consumption. *Annals of Internal Medicine*, 141(12), 977-980.
- Wilson, J. F. (2004). The health care revival in Iraq. *Annals of Internal Medicine*, 141(10), 825-828.
- Wilson, J. F. (2004). Frailty - and its dangerous effects - might be preventable. *Annals of Internal Medicine*, 141(6), 489-492.
- Wilson, J. F. (2004). Searching for epilepsy solutions. *Annals of Internal Medicine*, 141(4), 329-332.
- Wilson, J. F. (2004). Angiogenesis therapy moves beyond cancer. *Annals of Internal Medicine*, 141(2), 165-168.

- Wilson, J. F. (2004). Finland pioneers international suicide prevention. *Annals of Internal Medicine*, 140(10), 853-856.
- Wilson, J. F. (2004). Cheaper drugs in foreign markets increase the focus on domestic drug prices. *Annals of Internal Medicine*, 140(8), 677-680.
- Wilson, J. F. (2004). Risks from microbes on the rise: Reasons why and ways to prevent future epidemics. *Annals of Internal Medicine*, 140(6), 497-500.
- Wilson, J. F. (2004). The promise of disease proteomics: Faster detection, diagnosis, and drug development. *Annals of Internal Medicine*, 140(4), 317-319.
- Wilson, J. F. (2004). New treatments for growing scourge of brittle bones. *Annals of Internal Medicine*, 140(2), 153-156.
- Wilson, J. F. (2003). The crucial link between literacy and health. *Annals of Internal Medicine*, 139(10), 875-878.
- Wilson, J. F. (2003). Should doctors prescribe alcohol to adults? *Annals of Internal Medicine*, 139(8), 711-714.
- Wilson, J. F. (2003). How cloning could change medicine. *Annals of Internal Medicine*, 139(6), 535-538.
- Wilson, J. F. (2003). Building african AIDS care from the ground up. *Annals of Internal Medicine*, 139(2), 157-160.
- Wilson, J. F. (2003). Physicians contribute professional expertise worldwide. *Annals of Internal Medicine*, 138(12), 1013-1016.
- Wilson, J. F. (2003). Advancing the war on malaria. *Annals of Internal Medicine*, 138(8), 693-696.
- Wilson, J. F. (2003). Targeting estrogen receptor- β : A case study in drug discovery. *Scientist*, 17(10), 22-25.
- Wilson, J. F. (2003). Disease by design. *Scientist*, 17(SUPPL. 1), 32-33.
- Wilson, J. F. (2003). Angiogenesis research moves past cancer. *Scientist*, 17(8), 30-31.
- Wilson, J. F. (2003). Long-suffering lipids gain respect. *Scientist*, 17(5), 34-36.
- Wilson, J. F. (2003). Striving for perfect balance. *Scientist*, 17(7), 33-34.
- Wilson, J. F. (2002). Enzyme role found for aging gene. *Scientist*, 16(22), 36-37.
- Wilson, J. F. (2002). The irony of paraneoplastic disorders. *Scientist*, 16(21), 30-31.
- Wilson, J. F. (2002). The eye wire act. *Scientist*, 16(19), 7.
- Wilson, J. F. (2002). Murine gene therapy corrects symptoms of sickle cell disease. *Scientist*, 16(6), 36.
- Wilson, J. F. (2002). The rise of biological databases. *Scientist*, 16(6), 34-35.
- Wilson, J. F. (2002). Prion-disease trials on the horizon? *Scientist*, 16(6), 28.
- Wilson, J. F. (2002). 21st century antibiotics. *Scientist*, 16(5), 40.
- Wilson, J. F. (2002). Retracing steps to find new antibiotics. *Scientist*, 16(5), 24-26.
- Wilson, J. F. (2002). Renewing the fight against bacteria. *Scientist*, 16(5), 22-23.
- Wilson, J. F. (2002). Whitaker uses endowment to advance healing. bioengineering-boosting foundation invests in the development of academic experts. *Scientist*, 16(3), 47-48.
- Wilson, J. F. (2001). The nose knows: How the olfactory influences conduct. *Scientist*, 15(24)
- Wilson, J. F. (2001). Biological terrorism. *Scientist*, 15(22), XI+18-19.
- Wilson, J. F. (2001). Pain research comes into its own. *Scientist*, 15(21), 16-18.
- Wilson, J. F. (2001). Identifying the first sleep-related genes. *Scientist*, 15(20), 22-23.

- Wilson, J. F. (2001). Bitter-sweet research. *Scientist*, 15(20), 18-19.
- Wilson, J. F. (2001). Hair cell regeneration continues to elude scientists. *Scientist*, 15(19)
- Wilson, J. F. (2001). The role of RING fingers in ubiquitination. *Scientist*, 15(17), 16.
- Wilson, J. F. (2001). Gene therapy, stem cells: Prime for vision restoration. *Scientist*, 15(18), 17-19.
- Wilson, J. F. (2001). Understanding the VHL tumor suppressor complex. *Scientist*, 15(9), 20-21.
- Wilson, J. F. (2001). New technology spurs on proteomics. *Scientist*, 15(7), 12-13.
- Wilson, J. F. (2001). Circumventing the checkpoint. *Scientist*, 15(6), 20.
- Wilson, J. F. (2001). A dual role for CDK inhibitors. *Scientist*, 15(6), 20-21.
- Wilson, J. F. (2001). Mitochondria as a control in apoptosis. *Scientist*, 15(3), 20-21.
- Wilson, J. F. (2000). The biological basis for atherosclerosis. *Scientist*, 14(21), 20-21.
- Wilson, J. F. (2000). The international RH mapping consortium. *Scientist*, 14(15), 29-30.
- Wilson, J. F. (2000). Group identifies antiapoptosis mechanism. *Scientist*, 14(9), 19-20.

List of articles for *The Smart Set*:

Life Science column: Investigations into the intersection of science and humanity.

[Take Two Hookworms and Call Me in the Morning](#) We spent decades trying to eradicate hookworm. Whoops? Published May 6, 2011.

[A Model Body](#) In the 19th century, doctors and artists worked together. Should they again in the 21st? Published March 16, 2011.

[A Tear](#) The smell of women's tears turns off men. What other smelly signs are we sending? Published February 17, 2011.

[Getting the Green Light](#) Scientists have used gene therapy to correct color blindness in monkeys. Will humans now see the light? Published October 14, 2009.

[Aging Stressfully](#) Stop stressing over your age — research shows it only speeds up the process! Published June 3, 2009.

[Experimental Nonfiction](#) I'm often fascinated by scientists' intelligence, but I'm always impressed by their confidence. Published March 5, 2009.

[A Sense of Loss](#) Ever heard how you can't eat just one chip? You might soon be able to blame biology! Published January 22, 2008.

[Wintry Mix](#) New research reveals why winter is chock full of such discontent. Published December 15, 2008.

[A Hairy Predicament](#) Siberians once threw lice on visitors to show love. After getting lice myself, I can say Siberians had a weird definition of love. Published November 14, 2008.

[Got Gout?](#) Once the "disease of kings," gout is back with a vengeance. Published July 28, 2008.

[Smell Ya Later?](#) We can measure eyesight and hearing. So why not smell? Published June 23, 2008.

[The Sweet Smell of Species Success](#) Our noses don't like the smell of BO, but maybe our brains do. Published June 3, 2008.

[Now Just Relax...](#) Meditators always thought happiness could be learned. Now scientists are agreeing. Published May 5, 2008.

[Losing My Mind](#) My terrible memory makes me worry I have Alzheimer's. Luckily hints are emerging as to what exactly that means. Published April 16, 2008.

[D Day](#) If vitamin D is something everyone takes for granted, why are we talking about rickets in 2008?
Published March 19, 2008.

[The Mosquito and the Itch](#) Mosquito bites make us feel itchy. But scratching one may actually be an emotional response. Published February 26, 2008.

[The Oily Truth](#) The connection between ibuprofen and olive oil may finally end the healthy diet debate.
Published February 12, 2008.

[Night Terrors](#) Chronic sleep loss leads to bad decisions, obesity, and disease. An argument for the nap.
Published January 31, 2008.

[Beauty Secrets](#) There's Classical beauty. And then there's *Make Me a Supermodel*. Published January 8, 2008.

[Allergic Response](#) Why twice as many people now suffer from allergies, and why that won't change any time soon. Published December 20, 2007.

[What's Your Doomsday?](#) We fear death. So why don't we fear the things that will truly bring it on?
Published December 4, 2007.
