TLC SUPERVISORS’ MEETING

10/29/14
Shriners Hospital
Objectives

• Participants will:
  • Compare and contrast the differences between authentic assessment and conventional assessment
  • Discuss how the Ounce assessment is conducted as an authentic assessment
  • Discuss the importance of completing the ECO data accurately
  • Generate accurate Ounce assessment results for correct ECO data
  • Actively support their staff in completing the TLC training requirements for 2014-2015
